

## NEW MEXICO GANG TASK FORCE

The New Mexico Gang Task Force (NMGTF) is the largest organized multi-jurisdictional task force in the state dealing with criminal gang activity. The NMGTF receives its funding through the New Mexico Department of Public Safety/Bureau of Grants Management from the Bureau of Justice Administration, Justice Assistance Grant. The NMGTF believes that the denial of the existence of gang activity by communities and lack of action by law enforcement are a gang's greatest ally. Therefore, acceptance of the problem and a united response among law enforcement, law-makers, communities, schools, and prevention, intervention and treatment programs is our best defense against criminal gang violence. While the NMGTF seeks to educate and facilitate community partnerships, the main goal is to provide federal, state, local and tribal law enforcement agencies with training, intelligence, funding, net-working resources and legislation to enhance interdiction and enforcement efforts with the goal of reducing criminal gang activity, including narcotics trafficking, throughout the State of New Mexico.
