# AR-15/M-16 Armorer Course

## Course Objective:

This three day training module will present a comprehensive, detailed exposure to the AR-15/M-16 Rifle Platform.

The program will provide an in-depth understanding of all components, parts and maintenance of the system, as well as, carbine program implementation and selection. This is not a basic, bare bones armorer class. Each student will leave with a very enhanced knowledge of the weapon platform application, assembly, tear-down, repair, diagnosis and maintenance of the AR-15/M-16 rifle. All rifles, parts, tools and materials will be provided for the student to participate and accomplish the class objective.

## Who Should Attend:

This class is structured for law enforcement and government personnel who is responsible for the implementation, instruction, repair and maintenance of the department or agency's AR-15/M-16 weapon systems.

## Objectives:

As a result of attending this class, participants should be able to:

- Understand an overview of the implementation and weapon selection for the Department's AR-15/M-16 Carbine Program.
- Selection of proper weapon and specifications for each application.
- Understand the safety principles involved with AR-15/M-16 Weapon System.
- Proper Nomenclature of each part.
- Identify all parts and assemblies of the AR-15/M-16 Rifle.
- Understand the function of each part.
- Assemble & Disassemble the complete Upper Receiver Group.
- Assemble & Disassemble the complete Barrel Assembly.
- Assemble & Disassemble the complete Lower Receiver Group.
- Identify & replace defective or broken parts.
- Order proper parts for repair.
- Obtain technical knowledge of various trigger groups.
- Obtain technical knowledge of Gas System requirements & operation.
- Diagnose problems.
- Knowledge of optional & necessary equipment selection.
- Installation of optional & necessary equipment selection.
- Ability to share knowledge gained with other personnel.
