CLASS DESCRIPTION: The goal of this class is to provide on-site, professional training in practical entry techniques in topics such as lock picking, lock bypassing, lock bumping, subtle breaching techniques, and more. Law enforcement officers, including detectives, tactical personnel, patrol officers, canine handlers, supervisors, narcotics detectives and others in law enforcement can all benefit from this training.

Training is accomplished in two eight-hour days with **PLENTY of hands-on activity for students**. All necessary tools and materials are provided for student's use during class. Numerous types and styles of locks are available to provide realistic, real-world practice with over 200 different locks available in the classroom. Upon successful completion of the class students will receive **a free basic lock-pick set and a certificate of training**. Additional tools will be made available for purchase at the conclusion of class.

DATE:

Jericho Specialized Entry Training, LLC provides sworn law enforcement officers with the skills needed to pick locks or perform other subtle breaching techniques in the course of their duties. The skills students develop can and have been used in practical applications such as welfare checks, probation and parole searches, search warrant service, arrest warrant service, securing businesses, vehicle searches, vehicle lock-outs, and much more.

Dan Elting, owner, founder and lead instructor for Jericho Specialized Entry Training, LLC has nearly two decades of experience as a sworn police officer for a major metropolitan police department in Arizona, where he currently works as a detective. He has trained over 6000 officers in the State of Arizona and around the country in numerous subjects including tactical training, specialized entries/lock picking, anti-terrorism, human trafficking, and additional topics. He is a Certified Locksmith who has extensive experience in both classroom application and field entries.

COMMENTS FROM FORMER STUDENTS:

- "With 11 years of law enforcement experience, most of which being SWAT related, this was one of the most informative, useful "hands-on" training experiences that I have ever taken part in."
- "Outstanding information with real world application."
- "In two days I have learned far more about lock picking and building entries than I have in my career as a police officer."

CLASS FEE: The fee for the class is \$495 per person. **A free basic lock pick set is provided to every student upon successful completion of the class.** Additional tools are available for purchase upon conclusion of the class. **Class size is strictly limited to 25.**
